Ps. Merry Christmas and all
that sort of thing! I hope
this arrives on time.

Neill

I thought I would drop you a
few lines to let you know that I have
sent a lot of photos, descriptions of
climbs etc to Michael Meadows, and he
has sent me a CD ROM with hundreds of
old (mostly 1930's) photos in return, and
when I last heard from him (a couple
of months ago) he seemed to have most of
the material for his book. They are probably
all on the annual 8 week recess now and
may not be working on it again until February.

I have enclosed a copy of my
summary just for your* amusement. I tried
to make it interesting and may have laid it
on a bit, but it is all accurate, at least
with my corrections. *(Confidential).

Your previous letter saying you always
were thrilled when you saw Barney, even
today, is understandable. I was dreaming
about it until about 1990! Of course it's not
just a place, but a time as well, that
we remember.

A couple of strange photos are also enclosed.

Bob Waring.
