

UNIVERSITY OF QUEENSLAND BUSHWALKING CLUB.

CIRCULAR

1st Term 1960

March 19th-20th ..... Running Creek & Mt. Chinghee

This is a basecamp that will be held on Running Creek. Near at hand are the Running Creek Falls, said to be the best in S.E. Qld, and Mt. Chinghee. Mt. Chinghee has not been climbed by the club before, so here is the opportunity for exploration.

Transport is by a goods train that leaves the Inter-State platform around 6.45 pm Friday, to the Border Loop.

April 1st - 3rd ..... Hole in the Wall & Mt. Castle

Easy.

This is a thruwalk, starting at Tarome, and encompassing Hole in the wall, Laidley Creek Falls, Marion's Lookout, and the next day, the spectacular Mt. Castle. This is an area well worth visiting. No previous experience is needed to come on this trip.

EASTER 15th - 18 th April ..... Upper Portals Mt. Barney.

Basecamp. At the Upper Portals, with Montsurrat Lookout, Mt. Ballow, Lower Portals, Mt. May, Midget Peak, all within easy reach, and opportunities for swimming.

2 day thruwalk. Grading Normal. Up Barney Gorge to the hut. Over West Peak, Midget Peak, to the Portals.

4 day thruwalk. Grading Hard. Up South-east ridge of Barney, East Peak Hut, West Peak, Savage Pt., Tweedale, Ballow Creek, Big Lonely, Ballow, to the Upper Portals.

? day thruwalk. Grading impossible. Up Glucose Ridge, Lizard Lookout, Emu Creek, Cannes Plains, between Superbus & Wilson's Peak, Burnett Creek, Mt. Ballow, and so to the Upper Portals.

Tuesday 19th April ..... General Meeting.

Dave Dunstan will show slides of his recent overseas trip.  
Supper and discussion of future trips will follow.

ANZAC WEEKEND. 23rd - 25th April ..... Main Range, Thruwalk.

Hard

A thruwalk visiting Swan Creek, Sentinel Pt., Mt. Huntley, Double Top, Spicers Peak, Mitchell, Cunningham's Gap. Along the rim, besides the magnificent view, there will be a shortage of water, so be sure to bring large waterbottles.

30th April - 2nd May.

Wyberba Basecamp.

This year we will again visit the Wyberba granite reserve, an area of unlimited possibilities, with the unusual structures of Bald Knobs, South Bald, the Pyramids, etc to be explored. On the way, Cardeaux and Mitchell, and Red Rock Gorge are all waiting to be visited.

11th May. ..... General Meeting

14th - 15th May. ..... Navigation Trip.

The idea of this trip is that groups of three, consisting of an experienced member and two inexperienced, find their way to a given place through the mess between Barney and Ballow. The inexperienced members are to do the navigating.

MAY HOLIDAYS ..... STARTING 21st MAY

COMMITTEE MEMBERS that can be contacted for any queries.

PRESIDENT .....	Peter Reimann	7 3329
SECRETARY.....	Bill Bolton	7 3046
TREASURER.....	Keith Scott	97 5818
OUTINGS OFFICER...	Kate Warner	7 3868
EQUIPMENT OFFICER....	John Carter	7 1341
LIBRARIAN.....	Judy Bryan	7 2288

Contributions to the magazine for this year are needed. Help make this venture a success by writing about your opinions on bushwalking trips, or anything of a similar nature. There are still some magazines left over from last year for anyone wanting one. Just ring any committee member.

Club equipment is available for hire at set rates to members. A deposit is required that will be forfeited if the equipment is not returned within two weeks. Paddy Pallen equipment can also be brought speedily through the club. Contact John Carter (7-1341) for any of these services or information on equipment.

Details of trips and meetings will be shown regularly on University noticeboards, showing information on transport etc. This is aimed at letting you give the outings officer plenty of warning if coming on a trip, or cancelling your nomination.

Old members: If you haven't paid your subscription for 1960, this will be your last circular.

This year's throughwalks will be assigned a grading of either easy, normal, hard or impossible. This is for the benefit of members who have not been in the area before, and wish to know what to expect, barring external conditions such as the weather being fine or the leader not turning up.

Easy: Any person could go on it, with speeds restricted.  
Normal: Midway between easy and hard. No previous experience needed.  
HARD: Speed, length of day, and type of country not restricted. Previous experience would be needed.
